

JOB OPPORTUNITY- OLIO MARKET MAKER in Hull

OLIO is the world's only neighbour-to-neighbour food sharing app, and our mission is to solve the problem of food waste in the home & local community. Globally, over one third of all the food we produce gets thrown away, which is worth over \$1 trillion. What few people realise however is that in the developed world, over half of all food waste takes place in the home, with the average UK family throwing away £800 of food each year - collectively adding up to £13bn. OLIO solves this with our award-winning mobile & web apps.

Over the past 2 years OLIO has grown from a local initiative in North London to a global movement. We now have over 500,000 users who have together shared more half a million items of food – with food being successfully shared in 32 countries and counting. Underpinning this incredible growth has been our volunteer programme, with over 20,000 people reaching out to spread the word about OLIO in their local community and rescue unsold food.
